RULE SUMMARY

These rules authorize an ODOT official to impose restrictions on travel involving over-dimensional loads and vehicles in order to protect the traveling public and Oregon's infrastructure. Historically that ODOT official was the Chief Engineer. The Administrator of the Motor Carrier Transportation Division (MCTD) was recently appointed to serve as the agency's liaison responsible for freight mobility issues statewide. The amended rules delegate to the Administrator of MCTD the same authority granted the Chief Engineer in regards to oversight of the movement of oversized loads or vehicles.
